

## **POLICY / GUIDELINE FOR STUDENTS SCHOLARSHIP/FREESHIP**

According to state and federal government resolutions and notifications, colleges annually grant educational scholarships and tuition reductions to accepted students.

Every year, the college displays government resolutions, notifications, and notices for students according to a schedule set by the social welfare department or another competent department.

Students can communicate with the respective scholarship clerk, student section, registrar, or college principal for any questions or assistance.

Students must regularly check the notice board, College website, and Collpoll message box for updates on scholarships.

According to the schedule, eligible applicants may use the MahaDBT portal or a means specified by the relevant department to apply for the respective scheme.

Students must submit their applications printouts and supporting documents for further processing before the deadline after the filing of an online application for a scholarship or freeship / scholarship.

The Student Section and Scholarship Section ensures that no student is denied access to the scholarship program.

The college will not be held liable if the student's application is denied by the concerned department owing to eligibility requirements or a lack of supporting documentation.
